

U1.1: Projet: ASP: La Salle de Classe Idéale
Unité 1.1B: L'école
Français I

For the final project for this unit, you will create an Annonce au Service Publique (Public Service Announcement) about the ideal classroom. Follow the requirements below to make your video.

- I. You can make your video in a group of up to three people, but you may do it on your own if you would like.
- II. Each member of your group should edit his/her writing activity about the ideal classroom. Pay attention to the feedback Mme Probst gave you.
- III. Using what you wrote in your composition, you will create a video which shares at least four of the characteristics that you would like in your ideal classroom per group member.
Ex: If you have three group members, you should share at least twelve things that would be in your ideal classroom.
- IV. Your video should show classrooms that include these characteristics, or show what should not be in the ideal classroom. Be creative!
Ex: If you said there are no desks in your classroom, show an empty classroom or emphatically gesture that there should not be desks in the classroom.

You will be graded on the following rubric:

Criterion	Description	Points possible	Points earned
"La Salle de Classe Idéale" composition	Graded based on the Level 1 Writing Rubric. Turn in both draft with Mme's edits and your corrected, final composition. Turned in on Google Classroom and on Weebly.	24 pts.	
ASP Video	Graded based on the Level 1 Speaking Rubric. "Script" should be memorized. Turned in on Google Classroom and Weebly.	24 pts.	

Total	48 pts.
