You will create a one minute, thirty second video showing and describing what you have in your bookbag.

- I. First plan what you are going to say.
  - A. You should use "il y a" to introduce each object and be sure to include the correct article.
  - B. You should mention at least 10 items and colors. You have a list of colors below.
    - la couleur: color
    - orange: orange
    - blanc/blanche: white
    - marron: brown
    - rose: pink
    - jaune: yellow
    - bleu/bleue: blue
    - gris/grise: grey
    - violet/violette: purple
    - rouge: red
    - vert/verte: green
    - noir/noire: black
  - C. Make sure the gender of the color agrees with the noun.
    - If your noun is feminine, use the feminine form, which may change the pronunciation.
    - Ex: J'ai une calculatrice noire, bleue et blanche.
    - If your noun is plural, add an s to your color, which will not change the pronunciation.
    - Ex: J'ai des cahiers bleus, noirs, et violets.
- II. Record your video on Youtube and embed the video to your website as well as on Google Classroom (so that you don't accidentally lose the video). You can find directions under the Ressources tab on the class blog.

**You will be graded based on the speaking rubric located on the class blog.**
